Activity Costs Variation

At times the amount of money charged for activities in the calendar may be different to the amount that appears in invoices issued at the end of the month.

This can be due to several factors including - the venue may have changed its pricing; additional costs are incurred for parking, changes to the size of the group (as group members share the costs evenly) and other unforeseen costs.

Occasionally costs for programs will exceed the cost printed in the calendars, however we endeavour to keep the cost as close to the original advertised cost as possible.
